Heme Iron

POLYPEPTIDE

Iron deficiency causes a form of anemia, leading to low levels of red blood cells. Persons at risk include people who menstruate, people with celiac and inflammatory bowel disease, and people with conditions that contribute to nutrient malabsorption.

Highly bioavailable Heme Iron is easily recognized and exploited by the body to form the structural scaffolding for hemoglobin, the specialized blood protein that binds to oxygen within the lungs for use in cellular respiration throughout the entire body.

New Roots Herbal's Heme Iron is formulated with complementary nutrients to enhance intestinal iron absorption and for hemoglobin synthesis.

Make Life Better · newrootsherbal.com

Each vegetable capsule contains:

Vitamin C (ascorbic acid)	90 mg
Iron (heme iron polypeptide, from domestic pig [<i>Sus scrofa</i>] hemoglobin)	11 mg
Folate (from calcium l-5-methyltetrahydrofolate).....	333 mcg
Vitamin B12 (methylcobalamin)	333 mcg

Other ingredients:

Microcrystalline cellulose, vegetable magnesium stearate, and silicon dioxide in a non-GMO vegetable capsule composed of vegetable carbohydrate gum and purified water.

V0514-R2 · NPN 80061737

Directions of use:

Adults: Take 1 capsule one to three times daily with a full glass of water, with or without food, or as directed by your health-care practitioner. Do not lie down for 30 minutes after taking this product. If you are taking other medications, take this product a few hours before or after them. Consult a health-care practitioner for use beyond 7 weeks. Consult a health-care practitioner to monitor blood iron content.

Manufactured under strict GMP (Good Manufacturing Practices).
